

Battery-Operated 12-Ton Crimper with Case

Designed for professional cable crimping applications, this tool provides 12 tons of force to get the job done fast. It crimps copper, aluminum and ACSR. The head rotates 360 degrees for position flexibility. Compatible with industry standard U-style dies. Four working lights illuminate darker spaces. Includes crimper, C-style head and a carrying case.

Specifications

Type:	Battery Operated	Application:	Cable Crimping
Special Features:	Powered by DeWALT 20V Lithium-ion Batteries	Maximum Cable Capacity (Copper):	8 AWG to 750 MCM
Maximum Cable Capacity (Aluminum):	8 AWG to 750 MCM	Maximum Cable Capacity (ACSR):	556 MCM
Overall Length:	22.625" (57.5 cm)	Overall Height:	6.578" 16.7 cm)
Overall Width:	17.063" (43.3 cm)	Material:	ABS, PA6, GF, TPE
Batteries:	Lithium-ion	Voltage:	20V
Included:	C-Style Head and Case	Weight:	24.5 lb (11.1 kg)
