

Test-n-Map™ Remote #1 for VDV Scout® Pro Testers

The VDV Scout® Pro 2 Self-Storing Test-n-Map™ Remote #1 is a replacement part for Klein's Scout® Pro 2 cable tester series (for specific models, see below). With the tester, the remote can determine continuity on voice, data and video connections. Test, map and identify a location in a single step! This cuts testing and identification time in half.
