P1841-ICAT

5" Shallow Incandescent Recessed Housing. Both IC and Non-IC rated. Air-tight. Socket mounts to trim for optimum performance and consistent lamp position and can use a variety Incandescent, CFL and LED lamps. Housing is suitable for residential or light commercial applications. For installation in insulated ceilings and non-insulated ceilings with airtight code compliant construction. The housing can be used with a variety of trims and finishes to create different lighting effects or to match any decor. The trims use friction springs to attach to the housing to provide a flush fit against the ceiling.

Width: 6"
Length: 12-1/8"
Height: 5-3/8"

- Universal J-box with snap-out sides
- Removable housing for field inspection of wiring
- Ceiling opening measures 4-1/2 in
- Plaster frame measures 8-3/8 in x 13 in
- Recessed depth measures 7-1/2 in
- Pry outs 1/2 in and 3/4 in

Category: Recessed-Housing

Finish: Unfinished

Construction: Steel Construction
